AVs: A part of Smart Mobility?

Dr Nikolas Thomopoulos

chair@wise-act.eu

WISE-ACT Chair

Brussels, 17th January 2019

) AVs: A part of Smart Mobility?

A range of unanswered AV questions exist currently → What to do?

- Offer space for AVs in MaaS and SUMP
- Manage this space

How to manage this space and future proof cities for the AVs arrival?

- Support innovation → Create multi-stakeholder networks: Quadruple Helix → Share best/bad practice
- Develop and regularly review Regulatory Framework → Data ownership is key
- Educate and involve all types of users...starting today!
