

SHARINGCITIES

BUILDING SMART CITIES TOGETHER

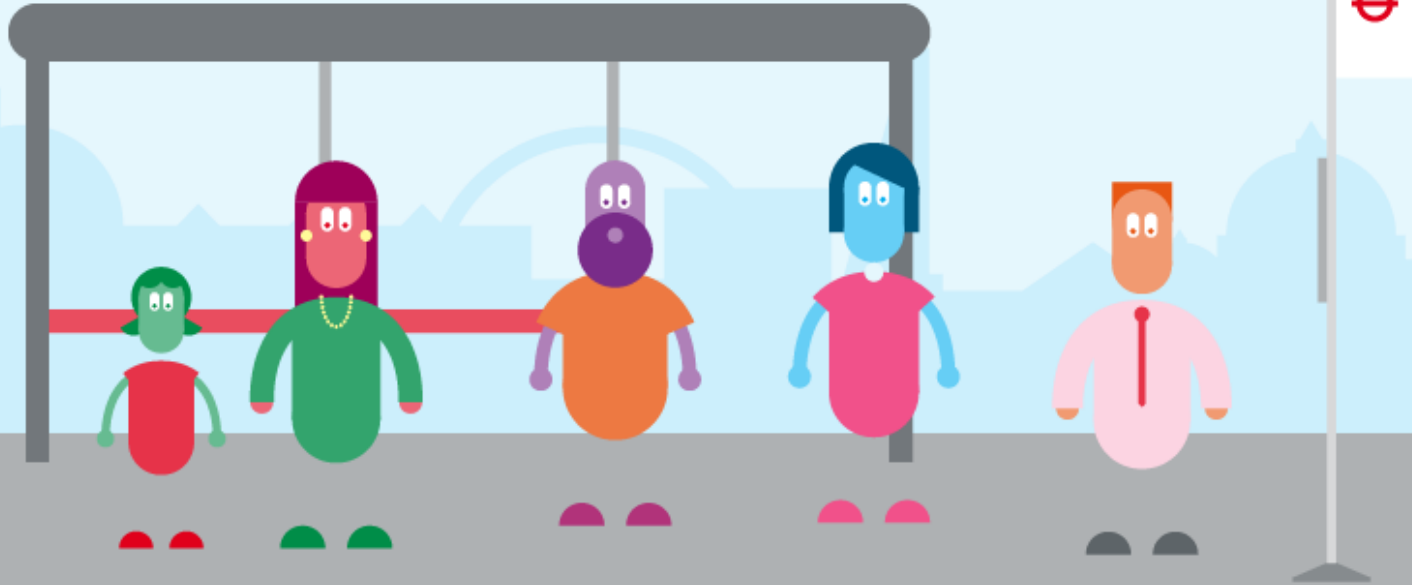

Nathan Pierce

Head of Smart London Team
Programme Director of Sharing Cities

This project has received funding from the European Union's Horizon 2020 research and innovation programme under Grant Agreement N° 691895

Chief Digital Officer & the Smart London Team

Leadership.
A shared digital vision
across London.

Innovation.
GovTech partnerships
& challenges.

Collaboration.
Mobilisation of public
assets, people and data.

Smarter London Together report card user guide

Introduction to Smarter London Together
☰ 2

What is the report card?
☰

What do all the columns mean?
☰

What information is shown on each action and when I click on one, what more do I see?
☰

I'm an officer at City Hall. How do I add new results to the activity feed?
☰

I'm a member of the public. How do I get involved?
☰ 1

I just want to be notified when there's something new. How do you stay up to date?
☰

Mission 1: More user-designed services

Introduce Government Service Standard reviews in London's local authorities
🕒 Jun 10 ☰ 🗨 3 🌐 1 📧 0/4

Develop new approaches to digital inclusion
🕒 Jun 10 ☰ 🗨 1 🌐 1 📧 1/4

Launch the Civic Innovation Challenge
🕒 Jun 10 ☰ 🗨 2 🌐 3 📧 0/5

Renew civic platforms and mount digital campaigns
🕒 Jun 7, 2021 ☰ 🗨 2 🌐 2 📧 0/4

Promote more diversity in the tech sector
🕒 Jan 31, 2020 ☰ 🗨 4 🌐 4 📧 2/4

Mission 2: A new deal for city data

Establish a Data Analytics Programme (DAP)
🕒 Jun 7, 2021 ☰ 🌐 2 📧 0/4

Develop a new cybersecurity strategy
🕒 Jun 10 ☰ 🌐 1 📧 0/1

Strengthen data rights, accountability and trust
🕒 Jun 7, 2021 ☰ 🗨 3 📧 0/5

Support an open ecosystem by opening up the capital's data
🕒 Jun 7, 2021 ☰ 🗨 2 📧 0/5

Increase ways that we collect and use data on air quality in London
🕒 Jun 10 ☰ 🗨 2 🌐 1 📧 0/1

Use data to support culture and the night-time economy
🕒 Jun 10 ☰ 🗨 3 🌐 1 📧 1/3

Role of standards-based procurement in cities & communities

- Promote ethics and transparency
- Standardisation to support scale
- Collaborative procurement frameworks
- Defining the value of urban data – social, environmental and economic
- Embed into commissioning cycle – early stage
- Focus on outcomes not solutions
- Encourage more comparison of procurement outcomes
- Pilot to city wide – sharing learning and accelerating procurement...
