

Call for Pilots for European data space for smart communities deployment

European data space
for smart communities

Blueprint Evolution and Data Space Provisioning

- We seek to **validate, in practice, an EU-wide cross-sectorial data space**
- We are in the search for **10-12 pilots to implement real use cases**
- CfP targeted to **local and regional public administrations in the EU** and partners (e.g., companies, academia, civil society organisations) working with them.

FORM A CONSORTIUM

- With a minimum of 2 local administration from 2 different European Countries
- With additional European owned partners (research organisation/companies)
- With a cross-sectoral use case
- With a minimum level of digital maturity (e.g.: data platform)
- That builds on the European Data Space for Smart Communities Blueprint

The Blueprint

Non-Technical Blueprint

- Multi-stakeholder data governance scheme
 - Business (to be further developed)
 - Legal (see Code of Conduct)
 - Organisational (see Code of Conduct)
- Developing a multi-stakeholder data cooperation for DS4SSCC

Technical Blueprint

- Catalogue of Data Space Building Block Specifications
- Reference Architecture Model
- CookBook

Capacity Building Resources

Roadmap to deploy a data space

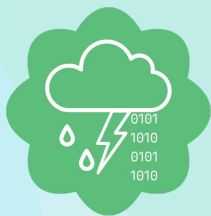

European data space
for smart communities

SCOPE OF THE PILOTS

Combine at least two (Green Deal) domains

Predictive traffic management and sustainable mobility planning

Data-services related to weather, climate and extreme weather events

Management of energy flows in a city/community specific context

Zero pollution actions (e.g., air, water, soil, pollution or waste)

...and

Any other domain falling under the New European Bauhaus initiative (urban design, building management, public services, nature-based solutions, amongst others).

Get inspired by exploring the DS4SSCC blueprint, collected examples and supporting materials: <https://inventory.ds4sscc.eu>.

TIMELINE

Submission Round	1st Round
Submission Period	June 1st (9:00 CET) - August 31st (23:59 CET) 2024 (3 months)
Evaluation Period	September 2024
Notification	October 2024
Number of Selected Pilots	1-2
Implementation Period	November 2024 - October 2025 April 2026 (12-18 months)

TIMELINE

Submission Round	1st Round	2nd Round	3rd Round
Submission Period	June 1st (9:00 CET) - August 31st (23:59 CET) 2024 (3 months)	September - November 2024 (3 months)	December 2024 - February 2025 (3 months)
Evaluation Period	September 2024	December 2024	March 2025
Notification	October 2024	January 2025	April 2025
Number of Selected Pilots	1-2	4-6	4-(adjusted)
Implementation Period	November 2024 - October 2025 April 2026 (12-18 months)	March 2025 - February/August 2026 (12-18 months)	May 2025 - April/August 2026 (12-16 months)
